FrontLine Farming's annual Farm-to-Table Dinner and Fundraiser will celebrate and support our local efforts toward liberation through food and foodways while also connecting to liberation struggles in the Arabian peninsula. This year, our gathering will also serve as Our Love Letter to Palestine and Yemen and will provide our community with a chance to fortify and activate our solidarity with our kin affected by war in those regions.

We invite you to our warm and inviting Celebration Community Farm where you will enjoy a five-course meal showcasing Arabian cuisine and local craft beer and wine pairings selected by sommelier Maia Parish. Renowned chefs will utilize fresh produce from FrontLine's own farms and other local products including grass-fed lamb from Jacob Springs Farms. Experience live music, entertainment, and a silent auction to support our local food justice work.

*Tickets are priced at \$150 per person, with tables accommodating 8 guests.*

# Featured Chefs & Culinary Connections

## Healing Foods Program

More than a quarter of the produce grown on all our farms is donated to social service organizations through our Healing Foods Program. Some of the organizations we work with include Community Table-Arvada, Denver Food Rescue, Kaizen Food Share, Metro Caring, and Family Tree. Through this program, we reserve over 33% of our CSA shares as reduced- or low-cost options for SNAP and WIC customers.

## Farmer Educational Programs

Monthly class series are offered at our various sites with a sliding scale payment option. No one is turned away for payment concerns. From adult learning to children's programming, classes follow relevant gardening topics with the seasons. Ranging from beekeeping to backyard chickens to cover crops for your neighborhood garden, our educational series supports local farming interests and sustainability.

## Sisters in Liberation: PALESTINE HEIRLOOM SEED LIBRARY

We know in our bones that our liberation is connected to that of others' who do this work around the globe. This year, a portion of the proceeds raised at the farm-to-table dinner will be donated to the Palestine Heirloom Seed Library. "Like most farmers around the world, Palestinian farmers are facing the dangers of agribusiness, corporate seed, land dominance along with political violence. But many of these farmers are the heroes who have been safeguarding these precious seeds and the knowledge these seeds carry. Founded by Vivien Sansour, the PHSL and its Traveling Kitchen project seek to preserve and promote heritage and threatened seed varieties, traditional Palestinian farming practices, and the cultural stories and identities associated with them."
